#### **Responsibilities**

- Deal origination, proactive sourcing, market studies
- Modelling and valuation of investment opportunities
- Assisting in all aspects of deal execution including market and financial due diligence, structuring and contract negotiation
- Monitoring of portfolio companies and executing value creation plan

#### **Qualifications**

- 3 to 5 years of work experience in private equity, corporate finance or strategy consulting, preferably with solid financial modeling and valuation expertise
- Master's degree in engineering or economics & finance with excellent academic credentials
- Well-organized, detail-oriented, ability to multi-task and work under tight deadlines
- Strong business and investment acumen
- Excellent written and verbal communication skills

#### **Personality**

- Entrepreneurial, takes own initiative
- Positive attitude, driven
- Team player who shows leadership
- Integrity & honesty

## **ABOUT SMILE INVEST**

Smile Invest is an independent European private equity firm that invests in ambitious growth companies. We focus on hidden champions in targeted sectors including software & technology, healthcare and consumer products & services. Our investors are successful entrepreneurs and managers who invest with a view to building sustainable value over the long term. Our holding period will usually be 5 years or longer. Whether as minority or majority investor, we partner with profitable, growing companies with a proven track record. With more than €300m of assets under management, we typically invest €10-€50m+ in companies with revenues of €10-€150m+. Our dedicated and experienced team of investment professionals is focused on building great companies. With 120 years of international business and private equity experience gained in more than 85 transactions we partner with owners and management teams to achieve sustainable growth. We have offices in Belgium and the Netherlands and focus on investments in Western Europe.
